

STATE OF NEW YORK  
**EXECUTIVE CHAMBER**  
ALBANY 12224

**ANDREW M. CUOMO**  
GOVERNOR

March 19 – 20, 2018

Dear Friends:

It is a pleasure to send greetings to everyone gathered at the Jacob Javits Center for New York Build 2018. Welcome to the great City of New York!

New York is currently undergoing one of the biggest construction booms in the world, due to a return to economic growth, a rocketing residential market, and many extensive infrastructure undertakings. New York Build is a leading construction and design expo focusing on projects across New York City.

New York Build 2018 is the ideal opportunity for organizations and individuals to access contractors, developers, architects, suppliers, and other construction industry professionals from throughout New York State and across the nation. This is also an excellent venue to share ideas and information about the latest trends and best practices in the construction industry, through summits, presentations, workshops, and seminars.

On behalf of all New Yorkers, I commend the many professionals and participants who have worked hard to put together New York Build 2018 – an exciting expo that will further add to New York's construction boom.

With warmest regards and best wishes for a productive and enjoyable event.

Sincerely,

A handwritten signature in blue ink, reading "Andrew M. Cuomo".

ANDREW M. CUOMO
